U.S. Army Corps of Engineers
Washington, DC 20314-1000

EC 25-1-361

CECW-CE

Circular
No. 25-1-361

1 June 2016

EXPIRES 31 MAY 2017
Information Management
RESCISSION

1. Purpose. This circular disseminates a rescission notice.
2. Applicability. This circular applies to all HQUSACE elements, major subordinate commands (MSC), districts, laboratories, and separate field operating activities (FOA) having civil works responsibilities and activities related to or affecting water control management.
3. Distribution Statement. Approved for public release; distribution is unlimited.
4. References.
 - a. EP 350-2-1, Career Development of Hydrologic and Hydraulic Engineers, dated 15 November 1994
5. Rescission. EP 350-2-1 "Career Development of Hydrologic and Hydraulic Engineers" (reference 4.a) was established to describe professional development necessary for hydrologic and hydraulic engineers to successfully advance and perform specialized hydrologic engineering studies. Most of the professional development opportunities described in the pamphlet are no longer available. Therefore, EP 350-2-1 is obsolete and hereby rescinded. Career development for hydrologic and hydraulic engineers will be addressed in future development of command training plans.

FOR THE COMMANDER:

JAMES C. DALTON, P.E.
Chief, Engineering and Construction
U.S. Army Corps of Engineers
