

EP 715-1-1
Oct '93

**US Army Corps
of Engineers**

Opportunities for Small & Disadvantaged Businesses

with the U.S. Army Corps of Engineers

EP 715-1-1
October 1993

should be completed when required.
Standard Form 254 should be mailed to:
U.S. ARMY ENGINEERING DIVISION,
NORTH PACIFIC
ATT: CENPD-CT
P.O. BOX 2870
PORTLAND, OR 97208-2870

Standard Form 255 should be mailed to the office indicated in the announcement.

Step 4. Subscribe to and read the Commerce Business Daily. All routine procurements proposed by the Army must be publicized by certain prescribed methods.

The most common method is publication in the Commerce Business Daily. There you will find a record of upcoming procurements, award of contracts and searches for other services. The Commerce Business Daily is an excellent source for possible subcontracting leads. The winners of large contract award competitions are published in the Commerce Business Daily.

Step 5. Review the Advance Notices to Bidders and Invitations for Bids, with plans and specifications for construction work which are furnished without charge to organizations such as the Associated General Contractors of America, minority contractor associations, and construction industry associations. These organizations maintain plan display rooms for the benefit of contractors, subcontractors, and material suppliers at no charge.

Step 6. Be alert to the announcements of Business Opportunity Conferences, Trade Fairs and other federally attended or sponsored liaison meetings in your area. Make it a point to attend whenever possible. The Corps of Engineers is represented at most such meetings. This is an excellent opportunity to meet on a person-to-person basis with procurement and small business specialists who can assist small and small disadvantaged businesses with the selling of their services or products.

Small and Disadvantaged Business Utilization Specialists
