MISSION

To provide prompt, consistent, professional IT services to our customer - anytime, anywhere.

IM/IT SERVICES FOR THE U.S. ARMY CORPS OF ENGINEERS

The 650+ federal employees of the Office of the CIO/G-6 (CIO/G-6) are an integral element of USACE – a $27 billion (FY17) Major Army Command consisting of 35,000 dedicated civilians and soldiers delivering engineering, design, and construction management services to customers in more than 110 countries. We serve the American people, striving to provide the most effective engineering and environmental science solutions to the nation's complex problems affecting national security, the economy, and the environment in which we live. USACE is a key player in all aspects of coastal/ water resources engineering, construction, flood control, navigation, disaster response, and military construction activities. Included among the many critical missions of USACE:

- **Support the Warfighter** - Delivering innovative, resilient and sustainable solutions to DoD and the nation
- **Transform Civil Works** - Delivering enduring and essential water resources solutions
- **Reduce Disaster Risks** - Delivering support that responds to, recovers from, and mitigates disaster impacts to the nation
- **Prepare For Tomorrow** - Building resilient people, teams, systems and processes to sustain a diverse culture of collaboration, innovation and participation

CIO/G-6 VISION

Advance the USACE global mission through technology, communications and a resilient information enterprise.

CREATING CONNECTIONS

CIO/G-6 designs, engineers, and operates two major Processing Capabilities along with a world- wide data network and provides direct, on-site command and control, coordination, planning, and operations and maintenance support for routine and emergency information technology resources and services at over 1,500 locations in the United States, including Alaska and Hawaii. Additionally, our scope of operations encompass wide-ranging fields such as cyber security, Information Management/Information Technology (IM/IT) acquisition and contract management, database and website administration, records management, printing and publications, visual information services, resource management and administration.

CIO/G-6 FOCUSES ON PEOPLE, TECHNOLOGY, AND MISSION SUCCESS

CIO/G-6 is comprised of the Enterprise Information Technology IM/IT service delivery team (G-6) and the HQ Governance/ Policy Office (CIO) for the U.S. Army Corps of Engineers (USACE). We support the mission requirements of our USACE customers by delivering mission-focused IM/IT services using an enterprise service delivery model.

· We are investing in the technical competencies and capability of our work force through professional certifications.

· We are preparing agile leaders through developmental assignments and training programs.

· We are recruiting IT Professionals and military veterans, particularly those with diverse backgrounds.

WE WANT YOU TO JOIN OUR WORLD CLASS TEAM!

Looking for a great place to work? CIO/G-6 is one of the best! Recently, the U.S. Army Corps of Engineers ranked number two of government large-agency subcomponents and CIO/G-6 helped lead the way! As rated by our employees, we strongly support employee development and opportunities to demonstrate leadership skills while also maintaining an optimal work/life balance. CIO/G-6 offers a stimulating and collaborative work environment, providing challenging and rewarding careers across IM/IT and support disciplines.

Joining the CIO/G-6 Team allows you to make a direct contribution to developing, implementing, and operating the technology and systems that support war fighters and their families, save the lives of soldiers and civilians, provide disaster relief, and protect and enhance the environment and the national economy.

CIO/G-6 provides technical training, certificate programs, professional and leadership development, as well as mentoring programs. We support and nurture the growth of our employees and provide the tools to ensure superior performance in all our missions. With CIO/G-6, your opportunities are limitless!

HOW TO APPLY

Finding CIO/G-6 Career Opportunities is easy using USAJOBS!
1) Navigate to: https://www.usajobs.gov/
2) Input both "ACE-IT" and "CIO/G-6" in the 'Keywords' field
3) You may also search your specific skills, a job series, a Vacancy Announcement Number, or a geographical location.
4) Click on Job Announcements that interest you - and apply online!

It's that simple! Check back with USAJobs often as job announcements change frequently.

Find more information on the U.S. Army Civilian Corps: https://www.goarmy.com/careers-and-jobs/army-civilian- careers.html

You can submit your resume directly to the CIO/G-6 at: USACE-OCIOG6-DHA-Applications@usace.onmicrosoft.com

VETERANS

Continue your service to the nation and put your military experience to work! Veterans can upload resumes and get valuable information at:
www.fedshirevets.gov

DIVERSITY AND INCLUSION

The Department of Defense (DoD) is at work 24 hours a day, every day to protect the Nation's security.

Through a diverse, dynamic, skilled and agile workforce, DoD faces a changing world with the confidence and compassion that can only be achieved when many ideas and methodologies are brought to the table.

Through diversity of origin, culture, language, style and abilities - we meet the challenges and threats of our global community.
