	Distribution Restriction Statement Approved for public release; distribution is unlimited.	

DAEN-CWO-M

Regulation
No. 1150-2-302

20 March 1981

Local Cooperation
ANNUAL REPORT ON LOCAL COOPERATION AGREEMENTS
(RCS DAEN-CWO-44)

1. Purpose. This regulation states procedure for reporting requirements of Section 221 of the Flood Control Act of 1970 (P.L. 91-611).
2. Applicability. This regulation applies to all Divisions and Districts having Civil Works functions. This requirement does not apply to projects whose construction commenced prior to 1 January 1972.
3. References.
 - a. ER 1150-2-301
 - b. ER 1130-2-339
4. Discussion. In order that the Chief of Engineers can respond to Section 221 (e) of the Flood Control Act of 1970 concerning required cooperation agreements on water resource projects, an annual report shall be submitted indicating pertinent information as outlined in paragraph 5, below.
5. Reporting Requirements. All Section 221 agreements signed with non-Federal interests during the calendar year shall be listed and the list submitted in duplicate to HQDA (DAEN-CWO-M) WASH DC 20314, no later than 1 April, annually. A list of all projects where problems arose precluding the completion of Section 221 contracts with non-Federal interests will be included, along with a short narrative summary of the issues and the status of the contract. Local cooperation projects containing a Section 221 agreement and which have been reported since CY 1972, the maintenance on which is found to be deficient, will also be reported at this time. This requirement is in addition to the report submitted in accordance with reference 3b. The information to be submitted will consist of the name of the project, type of project (i.e., flood control, beach erosion, small boat harbor, etc.) and name of sponsor. For those projects being reported as being maintenance deficient, include the date of the agreement.

FOR THE CHIEF OF ENGINEERS:

FORREST T. GAY, III
Colonel, Corps of Engineers
Executive Director, Engineer Staff

This Regulation supersedes ER 1150-2-302, 30 January 1976
